

Art and Design and British Values at Moira Primary School.

Democracy	Rule of Law	Individual Liberty	Mutual Respect	Tolerance
<p>In art and design, we are aware of and consider the views and values of other artists, particularly when working collaboratively. We may hold discussions when making decisions about our work, and collaborative projects.</p>	<p>We understand the 'Moira Way' and recognise their importance in keeping ourselves and our peers safe. During projects and activities, we access our tools and materials making sure we are following these expectations. We know and understand the consequences of not following these rules.</p>	<p>In art and design, we are given the opportunity to express our individuality through our projects. We are given regular opportunities to make our own decisions and choices in our projects. Whilst making our own choices, we also know that there are boundaries and we respect these.</p>	<p>During art and design lessons we behave in a way that positively impacts the work and productivity of others. When giving feedback, we are constructive and respectful of others' feelings and viewpoints. We work collaboratively on projects, having respect for our peers' views and being receptive to the advice of others. We also use art and design as a creative way to experience a variety of festivals and traditions.</p>	<p>We understand people have different views and opinions and that these make them who they are. We are tolerant to such views and opinions and apply these attitudes when working with those who have different faiths and beliefs. We explore beauty through art and continue to do this within the faiths and beliefs of others.</p>
